AMEND Senate Bill No. 3439*

House Bill No. 3691

By deleting all language after the enacting clause and by substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 40-11-111, is amended by deleting the section in its entirety and substituting instead the following:

(a) Individuals who are unable to perform activities of daily living as the result of a severe and persistent mental illness, or individuals who have been adjudicated mentally incompetent or infants need not personally make the deposit or execute the bail bond as may be required under §§ 40-11-101 — 40-11-144, but the deposit and execution may be made for such individuals by anyone found by the sheriff or clerk taking the bond to be a responsible substitute.

(b) For the purposes of this section, an individual shall be considered to have a severe and persistent mental illness if:

(1) Such individual has a psychiatric diagnosis or symptoms consistent with a psychiatric diagnosis as specified in the latest edition of the American Psychiatric Association Diagnostic and Statistical Manual; and,

(2) Such individual has delusions, hallucinations, extremely disorganized thinking or other significant disruptions of consciousness, memory, and perception that are not attributable solely to the acute effects of alcohol or other drugs; and,

(3) Such individual has a documented medical history of the items listed in subdivisions (b)(1) and (b)(2).

(c) For purposes of this section, unless the context otherwise requires:

(1) “Delusions” means fixed, clearly false beliefs; and

(2) “Hallucinations” means clearly erroneous perceptions of reality.

SECTION 2. Tennessee Code Annotated, Section 40-11-150, is amended by adding the following new subsection (l):

(l)

(1)

(A) If an officer arresting a defendant for any offense set out in title 39, chapter 13, has reason to believe that the defendant poses a substantial likelihood of serious harm as referenced in § 33-6-501, the arresting officer shall make a recommendation to the sheriff for the defendant to be evaluated by a member of a community mental health crisis response service to determine if the defendant is subject to admission to a hospital or treatment resource pursuant to § 33-6-403.

(B) The assessment of the defendant by a member of a community mental health crisis response service shall be completed within twelve (12) hours from the time the defendant is in custody or the magistrate or other official with the authority to determine bail shall set bail and admit the defendant to bail, when appropriate. However, if the assessment is being conducted at the end of the twelve (12) hour period, the member of the community mental health crisis response service may complete the assessment. The magistrate or other official duly authorized to release the defendant may, however, release the accused in less than twelve (12) hours if the official determines that sufficient time has or will have elapsed for the victim to be protected.

(C) If the assessment of the defendant by the member of the community mental health crisis response service indicates that the defendant does not meet the standards of § 33-6-403, the sheriff shall so report to the magistrate or other official with the authority to determine bail and such magistrate or official shall set bail and admit the defendant to bail, when appropriate.

(2) The arresting officer shall note the time the defendant was taken into custody for purposes of beginning the twelve (12) hour assessment period provided in subdivision (l)(1)(B) of this subsection.

SECTION 3. This act shall take effect July 1, 2010, the public welfare requiring it.
